BRIEF HISTORY OF MARIAM LADI YUNUSA FOUNDATION

Mariam Ladi Yunusa Foundation is named after the late matriarch and founder; Mariam Ladi Yunusa, an icon of her time, who passed on after a fulfilled career in various leadership roles within Nigeria and beyond including Commissioner of Works and Housing for Adamawa state, Controller, Urban Development Bank of Nigeria and director of partners and Inter-Agency Coordination at United Nations Human Settlement Programme (UN-Habitat) in Nairobi, Kenya. Being an indigene of Gulak Adamawa state, she was passionate about rehabilitating victims of insurgencies which have ravaged the area in the past two decades particularly adolescent girls who have suffered the most ostracization from school. The Matriarch herself was a Principal of Federal Government Girls College Yola in the late 80s where she mentored girls into leadership.

The foundation's thematic areas are providing access to formal education through scholarship awards, trauma counselling to restore the mental health of our beneficiaries who were victims of insurgencies, mentorship and leadership training, and skill acquisition in the areas of ICT and Agricultural technology.

MLY-F'S SELECTION CRITERIA FOR SECONDARY SCHOOL SCHOLARSHIPS

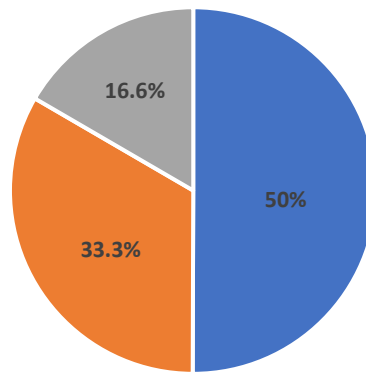

TRIP TO GULAK

Gulak is a village in Madagali Local government area of Adamawa state, located in North-East Nigeria. Gulak is situated north of Duhu, and east of Wuro Allahamdu. It has the latitude 10.80588° or $10^{\circ} 48' 21''$ north and the longitude 13.45753° east.

The successful outing to Gulak is one to recount. The Director, Asmau Durnin saw the need to visit the core of project execution and meet with the girls (beneficiaries) who have yearned for hope and assurance that MLY-F is truly a credible and reliable organization. The trip was graced with three technical officials from Abuja, two field officers from Yola, one volunteer and two officials that were on ground in Gulak. Abuja officials that comprised of the Director (Asmau Durnin), Senior outreach manager (Emmanuel Agumdia) and Programme officer (Popoola Olusegun) arrived Yola on Friday, 7th January 2022. Joined by the other two field officers on ground, Joshua Gamaraja and Mr Abdulazeez, the team set off to Gulak on Saturday 8th January 2022.

Upon arrival at Gulak after a 4–5-hour drive, the team members were welcomed by the Mai anguwa, who showed great delight in our presence and swiftly moved into action to ensure a hitch-free visitation.

ICT TRAINING

The activities commenced with the opening remark given by the Director who thanked the girls for their presence on a short notice. The girls were taken through information and communication technology training. The training was a brief introduction to ICT and its benefit in our world today. Though not totally alienated to the technological advancement of this age, they were made to see the need to participate in the coming Summer camp programme as achieving their dreams cannot be a reality with the exclusion of ICT. The trainer (Popoola Olusegun) acquainted them with the ICT world using the following prompts.

Prepping the girls on Information and Technology training

- Meaning of computer and Information and Communication Technology
- ICT gadgets
- Importance of ICT
- Uses of ICT
- The world and ICT

The Mai anguwa of Gulak addressing the girls after the training/counselling session

After the ICT training, all the beneficiaries indicated interest in the ICT summer camp programme. In view of this, the team visited the venue for the summer camp ICT training and also signed the Memorandum of Understanding (MOU) with the trainers.

COUNSELLING SESSION

The counselling session took place at the Miangwa's palace immediately after snack break. The aim was to know familiarize with each girl individually and relate with them to know what their personal needs were aside having access to formal education. The girls were counselled individually by the counsellor using a drafted template to ask questions from the girls which they in return responded to.

In response to the questions asked, all the beneficiaries made known their desires to proceed to the university after their secondary education. None of them was ready for early marriage due to their aspirations and goals.

BOOK DISTRIBUTION

After the book launch held on the 14th of December 2021, a strategic meeting was held on the 7th of January in the persons of Programme Director, Programme Officer, Senior Field Officer, field officer (Yola), and field inspector (Yola). A consensus was reached that the distribution of the biography of Mariam Ladi titled *On the Window Sill* shouldn't be limited to sales alone. Rather, it should be distributed to schools and kept in libraries as a guide for schoolgirls in Adamawa State and beyond. The book distribution project was championed by the field officer (Yola) and field Inspector (Yola) in persons of Mr Joshua Gamaraja and Mr Abdulazeez.

The book distribution commenced on 10th February 2022. Each school was given 2 copies of the book after a briefing with the administrators on the privileges and teachings embedded in *On the Window Sill*. The visited schools are listed below.

- Royal palm Dille Academy
- GGSS Yola
- Abti Secondary school

Copies of On the Window Sill distributed in various schools in Yola, Adamawa State.

The book distribution project had its tentacles widely spread with copies of the book parading Kenyan schools through the help of the Programme Director/CEO in person of Asmau Durnin. Copies of *On the Window Sill* were distributed to some schools in Kenya. The picture below shows Bobo-Dioulasso Burkina Faso girls holding a copy of the autobiography of Mariam Ladi Yunusa

FLOREAT PARTNERSHIP

The team left Yola on 7th February 2022 and arrived Michika on the same day before traveling to Gulak to get progress report (interview) with two beneficiaries and a chat with one of the school principals of the selected beneficiaries.

The team that comprised of Mr Joshua, Mr Abdulazeez and a volunteer left for Government Day Secondary School (GDSS) Moda on the 8th of February. The principal welcomed us and granted permission to conduct interviews and take pictures with the beneficiaries. She appreciated the impact Mariam Ladi Yunusa Foundation has made in the lives of the girls. She furthered that the intervention of MLY has miraculously motivated the girls down to their punctuality in school.

On the same day, Government Secondary Schools Michika was visited to implement the scholarship program platformed by FLOREAT Foundation. On reaching there, the team engaged the principal multiple discussions on how to further help the girls and carry out our intended mission. He granted permission to implement the program, after they had given us the list of beneficiaries they have selected which was in sync with the aforementioned criteria on page 10.

We conducted the following:

1. Payment of school PTA levy of ten (10) beneficiaries to the principal
2. Biodata of each beneficiary was taken.
3. Photograph of each beneficiary in between the banners.
4. Group photograph of the principal, teachers, and beneficiaries
5. Photograph with MLY-F team.

Signing of agreement form to execute scholarship project and interview beneficiaries

6. Presentation of textbooks, sanitary towels, large Vaseline, and bathing soap to the principal for onward distribution to the beneficiaries.

The principal appreciated the Foundation for this kind gesture and reiterated that it would go a long way and make great impacts in the lives of the orphan girls.
